“ My condolences to the family. Gill was a wonderful human being. He was always upbeat and pleasant at Kiwanis meetings and a pleasure to work with at Kettle Corn sales and other group projects, in addition to being a great club secretary. My very best wishes as you go forward.

“ Jean
A voice from your grade school days. I remember our time together at Lincoln GS and Fairfield High School. I'm sorry for your loss. Life is never the same after loss. I've lost my husband, Dick Phillips, 16 years ago and still feel the loss. Death leaves a heartache, no one can heal. Love leaves memories, no one can steal.

May you feel the love and comfort of your family and friends.

“ Dear Jean and Family,

I am so shocked to read of Gilbert's passing in our paper. Just wanted to send a note to let you know you and your family are in my thoughts at this sad time. I certainly remember when Gilbert and John lived on the farm across the road, and we became friends. When the boys were living alone, we would have them over for a meal from time to time. Then when the Bryants moved here, I knew they were in good hands. My sympathy to you and all the girls and regards from our entire family.

Fondly,

Martha Flinspach

“ I am so sorry to hear of Gil's passing. He was a wonderful colleague and great teacher in our department at UNI. We also worked together as officers in Phi Delta Kappa and I have many fond memories of those times. Gil was well thought of by so many students and I learned a lot in working with him over many years.

“ Email sent to Joan Hewett from Deb Beving-

I received the sad news of your father's passing this week. My heart goes out to you. Both of your parents are wonderful, kind folks of character. Your father was so incredibly supportive of our work at Lincoln School. We took the Iowa Basic Skills Tests then, and struggled to review the results and make sense of them. We knew changes should be made, but needed support. I contacted your dad to help all of us through this process. Keep in mind I am definitely not a statistics whiz, like your dad. He asked me to bring the data sheets to his house and drop them off. He worked diligently, and prepared graphs for us, and helped not only me, but the entire staff actually understand what these tests measured, and what they mean! He worked with us at faculty meetings, many years, and helped our teams with "action plans" (our term). One of the most incredible things about your dad, who was obviously brilliant, was his humble and caring manner. NEVER did he act like, I didn't really know what I was doing- or anyone else for that manner! He was always calm and thorough in answering questions, no matter how many times it took us to understand the concepts. He was such a model of true leadership and professionalism to me, and to our entire staff. He also made time to come over to consult if we needed support, and we all appreciated him so very much.

I know it's hard to lose your dad. My heart and prayers are with you all. My dad passed away in January and I think of him every day. I can only share that I admire your dad and am thankful and honored he shared so much of his knowledge with us at Lincoln . You are all so fortunate to have had many, many wonderful times together.. He has always been an incredible man of character and faith. I'm honored to have worked with him.

Thinking of you and your family,

Deb Beving
