“ I first got acquainted with John when he transferred to Campus School for his senior year. Then later I saw him on the ISTC's campus - with his special friend, Mary Lou. Surprise - they were married the same day that Gene & I were married! Then further surprise - they had their 1st child, Julie, the same day that our Steve was born! Another couple also had their first son that day. And there began a long-time friendship. Yes, that meant seeing Mary more than John, but in later years he welcomed Carol & I, as we came to visit Mary. I enjoyed hearing his presentation of when the TV program came to visit their farm. He always had a ready smile when we would see each other walking in the mall or wherever. He will be missed! May the Lord fill you with His peace and comfort during these coming days.
