Barb,

My interaction with Larry was only through tennis but one can tell much about a person when they hold a racket.

I perceived Larry as a gentle man and a gentleman and always enjoyed our interaction and his smile made me feel welcome.

You and your children won the lottery with Larry.

I can only find one complaint with Larry and that is that he never developed a backhand.

Sincerely,

Don Miller

“ Barb, Debbie, Colleen

I am so sorry I couldn't be with you today to celebrate the life of sweet, loving Larry and to say my final goodbye to my wonderful brother. He will live in our hearts forever.

I am grateful his suffering is over and I truly believe he felt your love surrounding him all through his terrible ordeal and in his final hours.

I am grateful that he is now enjoying his heavenly reward and that you have your family together to comfort each other at this time. We pray all the great memories and love you shared will bring a smile to your faces rather than a tear.

As we say goodbye, our Lord and departed loved ones are saying "welcome home Larry"

John joins me in sending our deepest sympathy,

Love,  
Mary and John

“ My deepest sympathy to the McDonald family. Larry gave me my first job in the Cedar Falls area at AEA 7. He was a great man and highly respected by all at the agency. I always enjoyed listening to him talk with his N.Y. dialect as I'm a Long Island native myself. Larry always had a smile on his face and was a very approachable administrator. This world has lost a very good man but surely there are souls who were overjoyed to be reunited with him again. My thoughts and prayers are with you at this sad time.

“ Larry was the reason I joined a service club--Civitan's). I enjoyed working on projects and fund raising efforts to benefit River Hills and Special Olympics. Larry was a hard worker and showed me how to help others. From his leadership and fore sight I had a family member who attended River Hills and benefitted from being schooled at River Hills.

“ Dear Barbara,

My heart goes out to you and your family. Our paths have come together since 1965 when I knew Larry professionally in his role at River Hills, and you were my student at UNI! Thanks to you, I had the joy of seeing Larry one last time this past June when you brought him to hear your brother play in the Saints.

With deep condolences to you all,

“ Barbara, Debbie, Colleen and family,  
Barbara & I were deeply sadened this afternoon; John's report of Larry's passing was heartbreaking. Although we were aware that he was plagued with several maladies, we hoped at some time to share some quality time playing tennis and boating with you guys. I have so many memories from our childhood; Larry imitating the renowned drummer, Gene Krupa. as he played his drums on our St. Albans porch in the "McDonald Band". Tom would play the piano, Mary on the fife, Frankie on the violin. and John playing the Bugle. Larry on the drums was "awesome"!! Our huge family had so much fun squeezing into our 1944 HUDSON & vacationing in the Catskill Mts.; staying on Oak Beach in the summer, and our yearly visit to either Coney Island or Rockaway Playland. It was so funny when we all made mad dashes to see who would get to take the first shower. (We only had one shower.) I even lived to forgive him when he pushed me off the garage roof in our sister Pat's baby carriage. He was largely responsible for inspiring me to play basketball, especially after seeing him play for Coach Jerry Loeber at St.Mary's HS in Manhasset, NY. He & Tommy were my mentors encouraging me to seek a full basketball college scholarship. I even gave him my golf clubs when he went to college in Kansas for all his guidance. Larry's stories, were all very interesting. Most important of all, as a brother he was a terrific role model. Larry never fought with anyone nor did I ever hear him speak ill about others. It's no wonder he was so successful as a psychologist. It is our hope to have Barbara, Debbie, Colleen and their children come

visit us either in West Islip, N.Y. or Fripp Island, S.C. I know Larry will be watching from above with a big smile on his caring, loving face! I am sure he is happy in heaven and reunited with our parents, our brothers, and our nephews. Please know we send you our love and prayers.

“ Dear Barbara, we are so sad to hear of Larry's passing. He was a good pal to my mom before she passed. He was always looking out for her and helping her when she was having a bad day. You are in our thoughts and our prayers. They are both pain free now.
