“ Dear Becky and family, So sorry to hear of Bob's passing. I was in NY visiting Cole and didn't hear about it until my return over the weekend. Sorry to have missed the memorial service. So many wonderful memories of our neighborhood Christmas gatherings at your home and how excited Bob would get when the kids wanted to see his train set! He always had time for the kids' questions and loved their company! We miss you around the neighborhood and hope to see you around soon. Hugs to you! Diane Highnam

“ So sorry to hear about Bob's death. I worked with him at UNI and learned to respect and admire him more each year. He always greeted me with a warm smile--one of the last of the true gentlemen.

“ I enjoyed working with Bob on many technology projects at UNI. He was integral in introducing me to the ICN, which lead to the Communication Studies Department offering a Masters Degree for teachers. He was a scholar and a gentleman. My sympathy to the family.

“ My name is Timothy L Lapointe. I am currently the longest serving commissioner on the Iowa Telecommunications and Technology Commission. I served with him through all of his three terms. It is with great sadness that I now hear of his passing. He was a gentleman and a friend. He was very instrumental in leading the Commission and the ICN through some very tough times. His insight and leadership was crucial during his years on the Commission and he taught me a great deal. I will miss him. My sincerest condolences to his family.

“ Becky: So sorry to hear of Bob's passing. Remember I used to tell you I wanted to buy your home! Bob has seen Jesus face-to-face. What a blessing for him. Grief is exhausting. Take care of yourself

“ Dear Becky,

My heart goes out to you and your family. Bob was such an important mentor to me. Having been colleagues at UNI, Bob was President of the CF Historical Society when I joined its Board. I admired his leadership and became devoted to those causes that were important to him. His interest in the UNI Emeritus Association was another source of inspiration for me. And then came the day when he suggested I join the Cedar Falls Community Foundation. His ongoing passion that things be done "right" was yet another touch point in his mentorship.

Because of him, I came to know you better--another gift. With deep sympathy,

Judy Harrington

“ Bob was a terrific mentor and friend ...a decade ago, we spent Saturdays at the Cedar Falls Historical Society, swapping stories and insights about Cedar Falls history and technology while working on the model railroad layout. His was a life truly well-lived, and so many people have been inspired by his selfless service to others -- and his regular encouragement and unfailing good cheer. Thank you, Bob! You're a community treasure, and we're a better for your intelligence, energy, and enthusiasm for life!

“ Dr. Hardman was a wonderful friend to education and such a supporter of Technology in Education. As a retired employee of the ICN and former Legislative Branch staffer, I appreciated his tireless work for sharing educational opportunities throughout Iowa. He was also one of the nicest persons I have ever worked with.

“ Becky and Clint and family. We are so sorry to hear of Bob's passing. He was a great colleague and a very kind person. We are sorry we can not be there for his visitation and service as we are in Colorado with Rachel who lost her husband to cancer this past year. Bob was very helpful and welcoming to me (Barry) as a new faculty member at UNI. Always upbeat, smiling, and very kind.

“ Bob was such a grand colleague for so many years at UNI. We spend many hours together touring Iowa as we helped teachers learn to use the ICN. We enjoyed many laughs about trains, especially when I insisted on putting the penny on the track before the California Zephyr came into town. As I predicted the penny was flattened. The best part was I had to use Bob's penny!  
Rest in peace dear friend.
