“ Nick, Dan and the rest of the family, I am so very sorry for your loss. I only met your father briefly, but he certainly raised some amazing boys, My memories of your mentions of him include how very smart and compassionate he was. I am sure he will be missed. My thoughts are with you all. Michelle Jacobson

“ CJ, Dan, and Nick,

I am sorry for the loss of your dad. I wish I had the words to comfort you at this time. Your memories are a gift that will provide comfort for you. Grief is a journey each person travels in their own way. There is no time limit, nor a right or wrong way to grieve.

Steve is my cousin, the son of my mother's youngest sister. He was 2 years younger than I am. During our pre-teen and teenage years, he would spend time with our family. We were competitive when it came to fishing. Our discussions ventured into the idea that parallel worlds existed. He visited us when we lived in Louisiana during the summer and also when we lived in Tyler, Texas. Sometimes, we would be at Aunt Ann's and Uncle Jack's at the same time. His favorite beverage growing up was Pepsi. I remember his intelligence and interest in science.

“ The one thing I never thanked Steve for, was that when we lived in Santee, California, he and Aunt Johnnie had visited us and we went to Disneyland. The only time my parents took us there. .
