“ Our hearts and prayers go out to you and your family, especially Aaron. Betty we shared our childhood together and those bonds are so strong, even when there's distance and time from each other our love and joy for each other and our families continue. We grieve with you now and remember the times we shared with you and your beautiful son. May God help heal your sorrow and know we are family and we are here for you and yours. I enclosed some pictures I had. Love always, Jose Garcia Family.

“ Aaron was such vibrant, beautiful, funny, loving young man. My best memories of him are when he stayed with us in San Jose California. I took him everywhere with me and it was such a beautiful experience having him with me. He appreciated our city and family, he loved the bright lights, new cars everywhere, having family and friends close by. He loved it so much it humbled me, he showed me how to appreciate the little things that mattered just by being himself. I love you Aaron and I always will cousin. Rest Easy.

“ 3 months or so getting to know your family a little more, brought me closer to your family. I will always remember your beautiful smile and easy personality. Will not be the same knowing that you are not around or hear of your visits to family members in Madera. Will see you in future paradise, where you will accomplish all your dreams and will be around so all family members can get to know one another better. We love you infinity
