“ I just learned of Alan's passing this morning. To his family and friends, I am so very sorry for your loss. Alan and I dated through most of my high school years and he was my first love. However, we lost touch after high school and only reconnected on a couple occasions at reunions. I've thought of him often with only the fondest of memories. Alan brought so much laughter and joy to those years for me. I can't think of high school without picturing him and his checkered Vans and the little blue spot right above his lip. :-) Alan was a great person and I know he will be missed by so many.

“ I am deeply saddened by the news I discovered today; it is difficult to put into words. I am not surprised to read by others that Alan’s charismatic personality and passion for food continued to inspire so many just like it did when we first met over 25 years ago. I will never forget my introduction to the beautiful Iowa farm country by Alan, his welcoming family, and his wonderful friends and former classmates. They are memories I continue to cherish even now. May you find strength in each other and from those who love you and who loved him. Prayers for peace during this difficult time.
