“ *I was Angi's ALPHA teacher at Holmes Junior High and I remember Angi with great fondness. I could always count on her to arrive in class with a smile and her bubbly personality. She was a caring and thoughtful person. I was pleased to see that she shared herself as a teacher and I am sure she impacted students with that happy and helpful demeanor. I am so sorry to hear of her death-- much to soon because she had so much to give. My sincere condolences. Jewell Hays*

“ *I worked with Angi at Poyner for the past 7 years. It took awhile to get to know her, but once I did I realized how hilarious, optimistic and caring she was. She also had the patience of an angel and did such a wonderful job teaching all of her students, her knowledge of technology was outstanding (which I often took advantage of!) Walking through the library on the way to my classroom every morning will never be the same, I will miss our morning chats or just saying hi. She was such a wonderful person who will be greatly missed. My condolences to all of her family.*

“ I worked with Angi at Poyner for 3 years. I will always remember how positive Angi was, how much she loved her cats, and how she adored the woodwork creations her dad made for her. She was very proud of those. She touched so many people in such a short time. My thoughts and prayers are with her loved ones now and in the days and years to follow.

“ *I want to first say Thank You to her family for sharing her with us at Poyner. We usually had a morning conversation when I was either making coffee or Laminating. When I first started at Poyner her smile would welcome me every morning. And when I started Laminating and I had a question about the laminator I asked. She turned around looked at me and asked me if I was crazy. She said I don't know anything about that thing and I don't wanna know. Which made me laugh. So every once in a while I would ask her if she would laminate something for me She Loved her Co-Workers and Students very Much and we Loved Her. Miss You Dearly Angie. Go fly with the Angels and tell Elizabeth hi from all of us...Shawn Craft*

“ Angi was "my person" at Poyner, and I'm sure I'm not the only one who feels this way. She welcomed me unconditionally and was always there for me with any need, challenge, or vent I had. And she always made it better with laughter, always. She was a great co-worker, teacher, and friend. Angi, I am going to protest doing laundry in your honor! And also, read a book with no pictures..... Although it pains me, I know you're right. XO

“ I had the pleasure of working with Angi since she began teaching. First at Jewett, then at Poyner. Angi is one of the most loving, caring, hard-working young ladies I know. Her compassion for kids was amazing. Today while we were having our class meeting, I told the kids about Angi's passing. One of my students was really concerned because she was sure that no one could take care of our library like Ms. Webb did. This child went on to say that Ms. Webb was the "bestest" teacher in our whole school because she knows everything about computers and books. I have to say that I will miss Angi more than I can even begin to say - Rest in peace, until we meet again. Love Dawn Even (2nd grade teacher, Poyner).

“ I worked in the Waterloo Community School District with Angi as a technology integrationist. I will miss her smile and sense of humor at our monthly meetings. My son, Gavin, is a kindergartener at Poyner and he adored Angi. He always talked about Ms. Webb and her library. I am so sorry for your loss. My prayers are with you!

“ *Angi was so special to our family and it's still such a shock to all of us. Angi helped watch our 4 kids since our oldest was a baby and she is now 11. She would spend her summers hanging out with us at the pool and attending our girls softball games. She was part of our family and loved our kids as if they were her own. We will forever cherish our memories with her.* ❤️😭

“ *Angi was a colleague and friend. We worked together as tech integrationists in Waterloo and presented at and went to many conferences together. I will miss her sense of humor, her incredible mind and her passion for teaching her students new and innovative things. She often talked about her family and her love of being an aunt. Please know, my thoughts are with you all. May God wrap you tightly in His arms and give you comfort in unexpected ways.*

“ I was absolutely crushed to hear about Angie’s death. She was a wonderful person. We met her at Naz when my first born child was born. I remember I wouldn’t trust anyone to babysit her until the day I met Angie. She has been watching my two girls - Kendall and Ava over the last 13 years. We felt Angie was not just a babysitter but was really a part of the family. The girls adored her and, bless her heart, she would play endless games with them. My kids especially enjoyed playing Barbie with her. My husband and I would come home and look forward to a nice visit with Angie on the couch. She shared her opinions on education, we enjoyed hearing about her latest home project and she was just simply a joy to talk with. She will be greatly missed by us as well as many others in the community.

Angi had a smile that was so genuine, it was like sunshine. Everyone who was lucky enough to have been touched by her will hopefully take the time to treat others in the gentle, kind way Angi treated you. Lovely Young Woman.

Angi did her student teaching in my 5th grade classroom at Jewett. It was very obvious that she loved kids. We shared favorite books, as we both enjoyed the wide world of literature. After I retired, she kept me up-to-date on the newest and best children's books, one in particular comes to mind: "The Day the Crayons Quit." I'll always remember her as a kind, thoughtful young lady who had much talent to share with the world--she will be missed by many. Condolences to her family--you raised a wonderful girl, she's made all of us proud and happy to have been a part of her life.

Our world has lost a bright, shining young woman who loved her students and who was such an amazing role model. I knew Angi when she was a tiny little girl and watching her grow into the wonderful woman she became was quite an adventure. She was my neighbor for awhile and then I saw her as a student at CFHS when I worked there. She loved football season and marching in the band during half time shows! She was audacious, entertaining, goofy, and devout. She kept the faith. I am honored to have known her. Heaven gained one special angel.
