“ First, my condolences to Brad and family. I'm so saddened by Britney's passing. I'm a Hy-Vee delivery driver for the Charles City store and that's where I met Britney. I kind of thought of myself as a "work dad" to her. Saw her nearly every weekday. Sometimes we'd chat for a few minutes; often longer. Sometimes we didn't get a chance to chat - just said "hi" or waved to each other as we met on the road, always with a big smile that made my day a little brighter. Britney, I'll miss our chats, I'll miss your smiles, and I'll miss your laughter. Rest in peace.

“ I was just passing through Iowa from Nebraska to visit family. I drove into the accident before the roads got closed off. I didn't know the woman I saw there, but I did think to myself that there is a man somewhere that doesn't know she won't be coming home. And it hurt alot. I never knew her but I have no doubt she was awesome. Thoughts and prayers to all her friends and family.

“ Britney and I quickly became friends upon meeting and spent so many wonderful nights talking, hanging out and enjoying life when she was in her 20s! She never judged but would be ready to tell you what's up if she knew it would help you. She was way beyond her years! This breaks my heart and my heart goes out to her family. Her spirit and smile will be missed most definitely.

My daughter and Britney were friends from kindergarten on. I grew up with her mother. I have a deep hurt in my heart as my sweet Brit went to Heaven. Spread those wings and fly girl. Send any signs that lets us know you are at peace. We will miss you but know we will see you again.

*Brad and Mitch, I am thinking of you and sending you momma hugs. Love you all.

“ I didn't know her that well except when her and her husband came to push my car out of the driveway during the winter. I always admired the way the couple worked together in everything they did. Will miss that.

“ Ever since I met her at Fareway in my town she has always been an amazing friend. She would talk to me any chance she seen me and always was ready with one of her big hugs and when she hugs it was a damn good hug. I tried to talk to her and be there for her when she was grieving her mom and all that and she was there for me countless times i had issues i was depressed about. I think we became good friends cuz shes just a few days younger than me, we both loved tigers and she was also a tiger zodiac just like me and i 3d printed her some tiger stuff too. I am thankful for the little time i had her in my life as a friend and I am so sorry you guys had to lose such an amazing person. Brad and all of you in the family, I have you in my thoughts. Thank You Britney for being an amazing friend and also getting me hooked on those damn Lemon Blueberry swirl breads lol. Miss you already, Your buddy Matthew

“ I met this amazing woman at Hy-Vee. We became quick friends. I would make the signs for her anytime she asked and even when I didn't do that part of job anymore she still would ask me to make her signs. She called me her bread angel! She gave amazing hugs and I enjoyed seeing her smile and just talking to her! Anytime I saw her I would talk to her the whole time she was there. I will truly miss you Britney.
