“ Reed, on the brief occasions that I met Carol, the twinkle in her eyes said she would be an inspiring and creative kindergarten teacher. We are glad she has been retired for these last several years so you two could spend more time together meeting life's many other good times and challenging times together. It is a blessing that so many people are supportive of you as you deal with this latest challenge. It is your passion for living life to the fullest that will help you through this time. May God give you peace and comfort. Fondly, Bob and Kim Manning
