“ So sorry to hear about your loss. I've never met your children and I don't know if you (Dawn) remember me, but I had college classes with you and I used to live in Grundy (but did not attend HS there). I think my sister graduated with Stacie, but I'm not sure. Anyway, I'm deeply sorry to hear about your loss. What a cute little guy! You will be in my thoughts and prayers.

“ We are so sorry to hear of the loss of your beautiful baby boy. Although you do not know our family, we are traveling your road together with our little Kathleen who also has a mitochondrial myopathy. Your family is in our thoughts and prayers. May it help to know that you are being thought of and surrounded with love by those who care from Oklahoma.

“ Each time Carver was admitted to UIHC, we would all fight over who got to take care of him for the day. He was such a special part in all of our lives and will be greatly missed by all of the nurses. I know I will never forget how cuddly and mischievous he was! My thoughts and prayers are with you.
