Tribute Wall

“ To the family of Chuck, my condolences. Chuck was a patient at the CTC where I work and where I got the honor to meet Chuck and Debra. When the day doctor informed them the chemotherapy would no longer help, but be more harmful, then Doctor asked me to go in the room to offer my support to them. It was a moment I will never forget! My final goodbye to them, both on each shoulder of mine, me in the middle hugging and crying with them, telling them to try and make the very best of what time might be left, to enjoy eachother as much as possible. I really enjoyed them and they were very pleasant people. They will be missed! Karen at Dr. Nadipuram's office.
