“ Ron, I often check the Waterloo Courier for news and was sorry to read about your loss. I often think about the people I used to deal with while living in Cedar Falls.

“ I have so many fond memories of your mother starting when she & Mom taught my Bible School class & then all the fun Sunday evening suppers I shared with your family. How I loved her brownies with the melted Hershey candy bar frosting! She teased me so much about drinking coffee with milk in it that I credit her with "weaning" me off it.

*Although I've only communicated with Clara through Christmas cards for several years, I will miss her and her notes.*

*My thoughts, prayers, & sympathy to you all.*

“ It was a privilege for me to be one of Clara's doctors for a time. I enjoyed her personality. You have my sympathy.
