“Curt was a good friend of my sister from another mother, Sue Hummel. My best memory is taking a ride with him on a tandem bike. I'm 5'1", he was enormous. I couldn't see anything in front of us. Not so fun. But he was so sweet, caring, and funny. Curt, I'm glad that I got to spend some time with you. I'm sure your family will miss you.

“Curt has been one of my best friends since I started working with him in the early 90. Besides working with him, we got to do a lot of things outside of work. All kinds of bike ride events (some of the beat up to another Binky's cabin). Watching football and basketball at UNI. Watching NCAA basketball March madness and a lot of other events we did together. Will never forget our trapping gopher project! I will surely miss my friend!

Curt was such a likable, funny, smart guy. My fondest memory is our RAGBRAI "ride out" to the starting point (2010?) and the unintentional Century ride into Sioux City. I will miss seeing him riding on the streets and trails around cedar Falls.

“ *Curt was a little "stinker"
That adorable face when he chuckled...the dry jokes sometimes...and the true comedian he was.
I was not fortunate enough to work with him, and I don't think my productivity would have been worth a crap around him.
May the Good Lord Bless his soul...we were all blessed by knowing him!*

“ *Very sad to hear of Curt's passing. He was a great guy! I worked with him a bit at PEC, and bumped into him on the bike from time to time after he retired.*

“ I worked with Curt at PEC when I first started at John Deere. We were in Engine Engineering. He was a super nice guy who always had a smile. We shared many laughs and fun times in those early years we were in the same Department. I always enjoyed running into him in the hallways at work and chat with him. He was always a genuinely nice person which I really appreciated about him.

May you cherish your memories with Curt and may they help sustain you during this difficult time. My thoughts, prayers and sympathy to you.

“ Curt and I worked together at John Deere, in fact we started our careers there at about the same time. We became good friends instantly and stayed that way for over 40 years. We shared many good times together as we "grew up" over the years. He could always make me laugh and was always good for a story or a joke when you needed a little uplifting. We spent a lot of time sailing on Rathbun Lake and he was one of the original members of the BOAT trip (Boys On A Trip) to the lake with several other guys from work. He will be greatly missed by all who knew him. My deepest sympathies go out to his family. - Dan Sturm

Curt and I worked together at PEC and became fast friends. We often lunched together and kept in contact after I moved around with Deere. When I came back to the Cedar Valley (home) to visit I would run into Curt a lot. We texted a lot and I will miss his friendship, his sense of humor and that bright smile. Curt and I shared a lot of memories together over the years and I will miss him dearly.

“ Curt was a "Regular" at Old Toads so I've known him for at least 30+ years! He was always out on the trails and would stop in frequently, bringing his wit & humor along with him!!! He then became one of our 'Regulars" again at the new Toads - The Horny Toad. I loved practicing and pefecting my new jokes on him before telling them to my "real" customers! 🤔 I also looked forward to seeing what funny t-shirt or mix- matched crazy socks he'd be wearing on any given day - ya never knew with Curt what the fashion trend of the day would be! We girls at Toads really enoyed him coming in at lunchtime and would make sure his Weather Channel was on for him and that he got his 7 packages of crackers for his chili! 😊 We sure will miss him down there! Our hearts go out to all his friends and his family! Sincerely - "Wendil from Toads"
