“ I'm so very sorry to read/hear – now over a year late – that David (Dave) has sadly passed away. I knew him many years ago at both JB Young Jr High and Central High, both of us graduating in 1979. I remember him well as a really nice, easy-going guy that got along with truly everyone. We had many mutual friends though sadly are lives did not cross over these many years as we must've missed one another in return trips back to Davenport. My very best to his family and to all of his friends and loved ones. David (Dave) Simpson

“ I am so sorry to hear of Dave's passing. It was a joy making music with him so many years ago, and I always considered him, his mom Marti, and sister Kelly to be Davenport musical royalty. My condolences to you all.

“ *Sadness and memories fill me. From high school orchestra and youth symphony.....to the antics of college house mates, to recent fun and interesting communication through e-mail. Dave was sensitive and had such an intelligent sense of humor. It was Dave's turntable we used to play Led Zeppelin backwards. Dave had the first Reynolds 531 framed bike in our group....the Holdsworth. We had a short lived bike business called Tanglewood Bicycle Service where we did more listening to Yes than repairing bikes. He came out to visit me in California a couple of times. He rode up Mt. Diablo and Mt. Tam in the same weekend! Dave turned me on to so much music, from Prog Rock to esoteric jazz that, to this day, when I hear it, I think of him.*

To Hugh and Marti -- my strongest condolences

To Vicky -- I never met you but would like to

“ Your grief and sadness at Dave's sudden loss is shared by so many. My spirit is sad. I sat with Dave in the cello section in junior high, wowed by his skill. Such a kind fellow with a genuine spirit. Many, many good memories I have.
Thinking of you all.

“ Please accept my condolences. While David and I were stepbrothers who did not know each other very well because Joanne and Hu married as empty nesters, I'll always remember David's friendliness and kindness; when we saw each other, we always fell into easy conversations about our shared interest in music.

“ David was my teacher in jazz studies at SWCC in Iowa. He was serious about music, and had a ton to share. We would nerd out before and after classes on what Frank Zappa album we were listening to, or which live recording of King Crimson's Larks' Tongue in Aspic was the best. I must have had 100 teachers in music by now, but David's lessons still float to the top of my mind; he had such a great way of explaining the logic behind a way of playing, singing, or writing. Above all he practiced and preached patience and team work: that success in music, groove, and life, comes as a result of cooperation and consideration of others. I forged lifelong friendships with my peers as a result of his guidance, and I will be forever grateful.

“ My deepest condolences. David was such a huge part of our life, from BBQ's on the rickety porch in South Deerfield, MA, during the graduate years, to weekend sports gatherings once we all landed here in Cedar Falls. He made a lasting impact on Ben and Kai with his kind heart and compassionate spirit. He will be greatly missed.
