“ Dawn, you made a difference in the lives of many youth. I am sad to know that you are gone and your work on earth has been completed. I am sure you will still touch the lives of many more people even as an angel we cannot see or hear but as a piece of every life you touched.

“ *I only knew her for a short time, but she helped me through a lot of tough stuff. I only wish I could thank her for all her support. I will miss her and will remember her for the rest of my life as someone who left a very important impression in my life. She was like a friend to me and I wouldn't want to change that. She was like a role model to me. I will miss her so much.*
