Deb was great friend. She would come to Cedar Falls and call to come as you are. To go and get ice cream. Thank you for sharing your mom service with us today.

I was a classmate of Debra Hoffman - my maiden name was Hoffman, too and our names were next to one another on the grading roster. Back then the teachers recorded the grades by hand - we both laughed when she told me that she got my grade! She thought it was hilarious that she received a grade in Algebra when when wasn't even taking algebra!

After graduation we would occasionally run into each other while shopping or running errands and would quickly catch up with each other's work or family activities. I'm sure she will be missed, and that she was a blessing to all the children she cared for through the years.
