“ I have so many memories, but one Dori and I always laughed about took place decades ago. We were both teenagers and I was visiting Iowa in the summer. Dori couldn't have been more than 16, could have been 15 with only a drivers permit. Anyway, we decided to go to the drive-in movie and in order to go Aunt Helen (and probably Freddy, I don't remember) were going with us. But Dori drove and I was in the front seat and we thought we were big time. At some point we decided to go to the concession stand. While there we met a couple of boys that started talking to us and flirting. We left to go back to the car and they came along still talking to us. We thought we were "all that and a bag of chips!" As we were talking Aunt Helen said " Hey, there's a 40 year old mother in the back seat!"

“ I have a lot of fond memories of Dori. When we were teenagers we would hang out at her parents home, Playing records and singing along. In the evening we would all jump into her parents blue Ford and cruise around. She was so much fun! She will be missed.
