“ *Willet family,
So sorry to hear of your loss. I know that Ethel will be greatly missed by all of you. As Ryan and I grew up I can recall hearing Ethel's name mentioned, sometimes in fear, but always with respect. If children respect their parents then all is good. All is good even though at the end of the day the Willetts are grieving. All of you take care.*

“ *rex, words seem so inadequate at time like this but perhaps you and your family will find comfort in these words that once helped me find peace ...*

*think of me as withdrawn into the dimness,
yours still, you mine, remember all the best
of our past moments, and forget the rest;
and so to where i wait, come gently on.
my thoughts and prayers are with you. ruth*

“ *Ryan, Jacque and family, ... My prayers of comfort and peace to your family. In high school we grew up as neighbors and always had the great respect for the Willets, they were a big family and there is something special about the large family. It takes a special Mom to deal with the kids.*
