“ *My condolences. During my school years several times I visited the Smith household. My brother Larry was close friends with Kirk, & likewise I was a friend of Kirk. On these occasions I had the pleasure to meet Mrs (Eva) Smith. She was a very kind lady (all the Smith family). My thoughts with the Smith family with the passing of Eva Smith.*

“ *So sorry for the passing of Eva as she was a very special person. I especially enjoyed our many coffees shared during the years our son's Dani Duke and Carl ran around together. We solved the world problems and some of our personal problems were lightened because of our wonderful chats over coffee.*

“Eva was always good to me. She was the first person who let me drive - one day in Frederika. Talking with her and Kirk, Martha, and Carl was always enjoyable. She always showed me a great time. I think that she had confidence in me, even when I wasn't sure myself. I thought about her from time to time and I suppose I'll continue with that.
