“ *Gary was my best friends father. He was so good to me when I would come to his house to play with Penny. We loved playing with the Barbie dream house that he built for her. I have so many great memories from childhood that involved Gary. He was a great guy and I will miss him. I'm so sorry Penny and Travis. You're in my thoughts and prayers.*

“ Gary and I lived across the street from each other from infants through high school. We played together and then in high school traded off driving to East in his Mustang and my Camaro. I have seen him very little since graduation from high school in 1969 since I have moved around the midwest and east coast. Have great memories of our time together. Praying for the family.

“ Too many to recall. Gary was just a fun lover! He was the life of the party and you could always depend on him to be there for you! He never scared to work and usually couldn't sit still. He loved to laugh and not afraid to give a guy hard time. We have dual passions for a great Bloody Mary and a little Kessler's now and again. His love for music trivia, especially those 80's! Also, his love for automobilia. Something he taught me a lot on our visits to Barrett Jackson. We will miss him greatly!

Love, Your Arizona 5!
