“ *My heart breaks hearing the news of Gayle passing away. My 11 year old daughter and I came to know Gayle while my mom was a resident at the Martin Center from Thanksgiving Day, 2011 till she died on June 12, 2012. I met Gayle in the dining room while feeding my mother. I was instantly drawn to her sweetness. In fact, I fell in love with her, as did my daughter. Every time I fed my mom, I would step over and hug Gayle and tell her I loved her. And she would often smile a beautiful 100 year old smile, telling me she loved me too. I hugged her often, kissed her on her forehead and stroked her beautiful gray hair. Sometimes, at night, my daughter and I would sit by her bed and just smile at her. She was so peaceful and serene and sweet.*

*I knew Gayle less than 8 months, but I feel like a special mother or grandmother I've known for years has passed away.*

*Dearest Gayle.....you were loved by me and my daughter.*

“ I knew Gayle for 8 months! I met her at the Martin Center Nursing Home while helping my sick grandma, Oma! Gayle was heart breaking and SO CUTE and would get to know my mom and I enough that she would start talking to us! I loved Gayle more than you can imagine! She would let me feed her and give her water and let us just enjoy her company! I definitely enjoyed her company! I always knew that Gayle was lucky to have my family love her so much! I love how every time I came to give her hugs or kisses on her forehead, she would start laughing and sometimes start crying because she was so happy! I will NEVER forget the memories of Gayle, my mom and I!  
Dear Gayle... Know that we are always going to remember you! We will never forget you!

Love, Annah Ponce
