“ *Except at the high school reunion a few years back, I have not seen Harry in 67 years. Because of my distance from Waterloo living in California, I unfortunately was not able to keep our wonderful relationship in High School. He was one of my best friends and I always enjoyed his wonderful sense of humor. He was a fantastic pitcher for our baseball team and should have gone on to major league baseball. But I really have fond memories of our mutual appreciation for humor. He was a special friend and one I will never forget.*
