“ So sorry Kay, losing your Husband Bud & your son. Too close. We just lost Willie Brocka , Dars husband, so they are both gone. Very hard on their kids. Didn't know your kids, but think often of you & our crazy High School days!

“ Jon Short was one really nice kid to hang around with in High School. I remember Jon had the idea to throw tennis balls at the Metro Bus as they drive by his house. Then we would run as the driver stopped and got out. We had some really fun times at his mom house. Playing cards and Kay making dinner for us all. He will be missed.

I had not thought of you for the last 30 years. But today for some reason, I couldn't get you out of my head. I do remember we had some laughs and good times. I hope you are at peace. Much deserved after life on this plane. I wish I knew why I felt compelled to speak with you today. I suppose this will have to suffice. Peace and Love
