“ I have too many great memories of growing up on 10th Street to count. Joe, Bertha, Diane and Jimmy were our neighbors through them all. My condolences to you, Diane.

“ Joe and Bertha lived across from our family on 10th Street in Cedar Falls. Jimmy was the same age as my sister Kirsten and I was a year younger. When I was around six years old I was outside one morning playing in the street with some of the other kids from the neighborhood. Someone spotted a nickel in the sand below the storm sewer grate about four feet down. This grate was in front of Bob and Melba Kelly's home next to us.
I ran home to tell my father about the coin and to see if he couldn't retrieve it for me. It must have been Saturday morning or a holiday or my dad wouldn't have been home.
A nickel was a lot of money back then. You could buy a lot of candy at Llewellyn's Little Store with that.
My father took a look and he proceeded to deliver a sermon. He said it was hopeless and people needed to take better care of their money and he hoped we would never be so careless and fritter our money away a let it go down the drain. Having imparted to us kids valuable words of wisdom my father headed home self-satisfied.
At some point Jimmy had shown up. So he went home and told his father about the nickel in the storm sewer. A while later Joe came over. He had a six foot pole with him. On the end he had smeared what I'm guessing was grease. Pretty soon he had rescued the nickel and Jimmy was five cents richer.

“ Diane, with deepest condolences I am holding you all in my thoughts and prayers as you celebrate your dad's life by remembering the "good times". And then remember that "The Rose Still Blooms Beyond the Wall". May he rest in peace, and may you find the "peace which passeth all understanding" (Philippians 4:7).
