“ *Gile, Kathy, and family
Just wanted to tell you how sorry I am for your loss. We will all miss her. I always remember the time she tried to teach us how to make baskets. It was fun! I think she probably had to straighten everyone's mess after we left. Also enjoyed getting together for breakfast. My prayers are with you and your family.*

“ You will always be my big sister letting me tag along, went though those sisterly arguments but love between us was always strong. We had many shared times concerning baskets, making them together when you were in Maine and our many phone calls discussing them--will be think of you when I'm weaving new ones. Love you much and always.
