“ I've known Julie for about 60 years, first as Sister in-law and then special friend. We didn't see each other often but enjoyed our long phone visits. She was a strong lady who I admired for her courage at what she accomplished. I'm sure she crossed off everything on her bucket list, well maybe not. But mostly her love and dedication to her family. I was looking forward to seeing her next week when she came to A.L. for her class reunion. God bless the memory of my dear friend Julie.
