“ Memories with Kelly ----there are so many--children and the great times we had doing things all together. The nights of singing karaoke---long talks--getting flowers done for my daughter Kelly's wedding--she being my maid of honor at my second wedding--road tripping to Davenport to see her Amy an Cory--trick or treating with the kids--being there for each other after our break-ups with boyfriends--living together for awhile--getting mad at each other and always apologizing and making up later--laughing at the silliest things--sisterly love--picking each other up when we were down--knowing that if either one of us needed anything we could rely on the other one---being able to talk about anything and I do mean anything honestly and openly---just knowing at any given time we could contact each other and start our conversation as if we talked everyday--an inner peace when we were together--unconditional love between 2 friends!

“ I am still in utter shock that you a.re gone! I will never forget meeting you in Davenport when our boys were in scouts. Next thing I knew, you moved your kids to our school and we were inseparable! I will cherish the memories of being your sponsor and attending all the classes with you as you became Catholic. I will never forget You guys lived with us a little while you were getting back on your feet from a breakup...then all the scrubbing and remodeling of your first home. You were always there for me as I hope I was for you. It was hard when you first moved away and then we lost touch. I'm glad we found each other on facebook but very sad we did not make it more of a priority to see each other once in a while. Probably my fault more than yours. Your smile and your laugh was contagious. I will never have another friend like you. Please know that I will always be here for your kids if they should need anything. You went too soon, my friend, you went way too soon. Please give my dad a hug for me. Love you always!

“ My thoughts and prayers go out to Kelly's family. I am still in a daze about you not being there to hang out with or talk on the phone. We were finally connecting and spending time and now I have this huge hole in my heart where you placed your kindness, sweetness, funny and kidding around laughter and mostly your love you had for your friends. Now you will see all the love that you doubted because we will all gather in your honor to share all that you were. You were so much more than you knew and you were just starting to realize that. My hope is now you know how special you were to so many people who truly knew you and for the ones that didn't that they will learn that life is precious and to live it to the fullest, holding grudges and being unforgiving is life's biggest waste of time and I pray Kelly you have taught that one last lesson with you leaving us so soon. Be in peace my friend and without pain and now you can see whomever you want, whenever you want. Love ya girlfriend.

“ Amy and Derick,
I just learned of your loss from Phyllis as she was driving back from Hilton Head.
I am so sad for you and pray that your mother is with the Lord. I am also praying for both of you.
Having read many of the entries in the memory book I know that your mom was a wonderful, loving, careing lady.
God Bless both of you.

“ We will miss you Kelli! It was nice to reconnect with you at the O.G.for PJ's birthday after all these years. You and Polly made our night very fun and special! I enjoyed doing that chair for Addie for you. I hope it will be a nice remembrance of you for her to have. We were so happy for you getting the new apartment and wished we could have done more to help you move. We love you, kiddo, and hope you are full of joy and at peace. God bless!
