“ *Both Christina and I have the Hunemuller's in our thoughts and prayers. Unfortunately, we can't make it back for the proceedings. While it's sad and disappointing that Lisa is no longer physically here with her family and friends, she will always be remembered fondly. It was so great to see her a few months back and to visit, even for just a short time period. She's not forgotten and she's not alone as she's with my mom/her sister now and I bet they haven't stopped talking yet. :) PS--her chocolate-chip cookie recipe, with the oats in it--incredible!! I ate about 20 of those cookies when I was there. We love you guys! Mark and Christina Fitzpatrick*

“ I am a good friend to Lisa's brother Lindsey. I am sorry to hear this news. Growing up we always thought alot of the Parks family because they were all so lucky to have so many siblings. From what I have read, Lisa has left behind another wonderful family that will miss her very much. I know that these are just words, but I am so sorry.

“ Todd, Sorry for your loss and my deepest sympathy to you and your family. Lisa was one of my first friends when I moved to Cedar Falls in 9th Grade at Holmes. She was one of a large group of us who hung out together all the time. She will be missed. Take care of yourself and your family.

“ Todd, I just wanted to express my deepest sympathies to you and your family, as well as Lisa's. We went to CFHS together and I wanted to share a good memory with you. When Lisa was working at the C.F.H.S. conferences last, she and I were able to talk and catch up. Lisa told me very quietly, about her fight and her will to live. We later talked about our daughter Laura. She was in Spanish and was struggling a bit and wanted to quit. Lisa told me about how the struggle was worth it and that she would never regret sticking with it and to tell her not to quit. Her compassion for students was amazing. Even with her own struggles, she was cheering our daughter on. Laura graduated this year and passed Spanish easily. I think the story I passed on to Laura made a difference. God bless you and your family.

“ Lisa and I went to CF High School and attended French Class together. I remember struggling to pronounce the words and read the assignments. Lisa, on the other hand, just sailed through French! Then she went to France and I just knew she would teach it someday. Then a few years back, a bunch of us gals from the class of '73 got together at Maureen's house. Both Lisa and I had breast cancer and we were wearing our little head covers. We were both in the fight to beat this cancer thing. Lisa was so courageous and doing everything in her power to overcome it. I just had my MRI Tuesday and got a clean bill of health. I wish I could share the time God has given me, with Lisa, so she could have more time with Todd and her family. I know she is happy and cancer-free in heaven now with Jesus, but she will be missed by so many of us who knew her. All my love and prayers to her family, ann

“ My sincere condolences to Lisa's family. I had the pleasure of knowing her while I worked at Cedar Falls High School. She was a very dedicated teacher and the students always enjoyed her classes. She always took the time to talk to the support people in the building and I know I appreciated that very much. She was a very, very sweet and kind lady.
