“ Dear Family and Friends of Marcia,

*I am so sorry to hear of Marcia's passing. Saw in TH today online. This was a surprise to me.*

*I met Marcia when she was in the same room as my Aunt (Violet Gratton) at Dubuque Nursing & Rehab. I did get to know Dennis and met her son and others as well.*

*Want to tell you all what a Blessing she was to my Aunt. My Aunt was 98 and in very good mind. Marcia like the rest of us was amazed at her memory.*

*Family members believe they were very good for one another that they talked and laughed about a lot of things. With my Aunt in Hospice and Marcia was in alot of pain at times, kept their minds off of what was going on for awhile anyway. Marcia got a kick out of listing to my aunt and I going through old pictures and her telling about them. Marcia may have mention my aunt to some of you. Her friend Dennis was so good with her getting her out of her room and for a ride when she was up to it. She did like her candy :)*

*After my Aunt passed in Feb., I stopped by to give her some flowers from her services. She was gone out but left them. Sorry that I did not get to see her again. after Dennis wheeled her down to the room to say her Good-Bye shortly before she passed.*

*I will always remember Marcia, she was my Aunt's angel when she needed one most.*

*Marcia loved her family and shared pictures of her grand kids.*

*May she rest in Peace and God be with her.*

*So sorry for your lost.*

“ *So sorry to hear this. We grew up together in North Cedar and I hadn't seen any of you since we were kids. But I really enjoyed getting to know your family when I helped take care of your Mom. Big hugs to all of you.*
