“ Susan and family--my condolences on the passing of your mom. My strongest memory of Therese is her coming in the door after a summer class at UNI and having to contend with not only her own teenagers, but additional strays like me. I don't remember that she minded the strays, and I'm grateful for that. May her memory be a blessing. Julie Ernster Schaefer

Susan, Ellen and Tommy, please accept my sympathy. Your mom was such a great presence and an excellent educator. I learned more from her in the short time she was my principal then in years of coursework. She touched so many lives. If it was possible to fear and love someone simultaneously, she was able to invoke that in me. I will never forget how she supported me in some rough times. Thanks for sharing her with us.

This is Marie Robinson. I use to work at Western Home - Windcove.as the receptionist on the weekends. Please accept my sympathy. Terri always made my day with her smile and jokes. I enjoyed watching the Iowa Hawkeyes football and basketball games with her. It was a joy to watch her get ready to go to the UNI football games. She was an exciting person to be around. She remembered my sister and brother from Logan Jr. High School. Rest in Peace.

Sue, Tom and family---Though we didn't know each other well, she was a special kind of person that made you feel like you were great friends. Whenever Jim or I would happen to see her, we always told each other about it---it made our day more special! She was just that kind of person!

J, M, S, E & T:

The final chair at the Black Jack table is now occupied. Such special memories of our parents being together. I still think about the day they all left for the UK (Thanks a lot, Jim! Thought I'd never see my parents again). Anyway, my parents loved your mom. And my dad never got over losing his "best friend", Emmett. I know that because he told me so more than once. Blessings during this tough time.

Be well,

Dave Duggan
