“ I Have so many, i don't know where to start.. When I was little she used to have really long hair and she would hold my arms down and pin me and then tickle my face with her hair. I used to bite it so she would let me go! I know there are so many more just thats the one that popped in my head. I want to say.. I love you my Beautiful sister. I will miss you. I already do. I will see you again.
