“ I have known Mary for about 12 years through our bridge club. Mary and used to partner on Monday evening games and She became a good friend. She was always pleasant, punctual and had her ducks in a row. I also know Bob and Mike from John Deere. Especially Mike and I used to work together as he was a casting quality Engineer and I had to deal with defective castings occasionally.

One Monday evening we were playing bridge. Mary was my partner and there were two other ladies on our table. Discussion came up about one guy bridge player who was having prostate issue. So I made a remark "you ladies are lucky that you don't have deal with prostate issues" and boy-o-boy all three ladies jumped all over me and Mary said "if you think prostate problem that big a deal, you guys should trade that for our ladies problems" and everybody laughed at the table so loud that whole room was wondering what is going on.

Well, Mary was a good friend will be missed very much. She lived a wonderful life and made many friends.
