“ Dan and family: This is a very late expression of sadness, but I did not know until last week of Mary Lee’s passing. Her mom was my mom’s sister...and A. Kath and U. Don spent a great deal of time with my family at the farm. I was 14 when ML was born...and I carried her around many, many times...even sewed little dresses for her. She walked at nine months and would point to bugs around a light and say “bu”...all at less than one year old. I would make her say it over and over. I worked at the Allison root beer drive in, and many the times A. Kath and U. Don would bring her to see me..and she would order a “baby beers.” Since I live in California, and am getting older quickly it seems, I don’t have much contact with what occurs in Iowa. I am so sad that she was taken from us much too soon. This may be very belated, but I do care. Sandy Webrand

“ *What a wonderful educator Mary was as I taught across the hall from her for many years at Holmes Junior High. She was a model for me as I saw how she built relationships with students and that was the key to having a classroom where learning took place. She was calm and fun at the same time! I learned much by watching Mary. I know she made an impact on many students and other teachers, too. Whenever our paths crossed after Mary's retirement, she always asked how I was doing and not a word or complaint about her own health struggles. Heaven has welcomed you with open arms and you will be missed greatly here on Earth. My thoughts and prayers to Dan and the family.*
