“ *Mom.....I love you so much. I'm so sorry you had to go the way you did, I'm devastated I couldn't be there. I know they are still not listening to you or your wishes but I promise to somehow figure out a way for you still to finally have some peace. I will be your voice. You were loved by many...and deeply. The good go young and you were one of the best. Idk how I'm going to get through this. I will still always check on Jenny and keep tabs so please don't worry about her. I love you. Even though you can see from up there how bad they are doing this and going against your wishes but don't let that upset you, I'm going to try to figure out something so your spirit can rest. If you need anything our want anything done, let me know. Contact me in my dreams or my gut feeling....I love you. XoXoXo*
