“ We all loved Mickey and will miss her very much. She always made me feel special when I stayed there in the summer. I think she liked having a girl around for awhile. She was one person that always called me by my full name and made sure everyone else did also. I always new who was talking to me. Oh the stories I could tell from those days. We always had the best family gathering at the grandparents. Hope we still can have a few of them down the road. That is one thing all of our parents did is taught us all the true meaning of family. Scott , John, and families we are all there for you if needed. Love and miss you all. Roberta (Bobbi) Decker

“ We will miss Mickey. Lossy of memories of week visits in the summer when I was young. I was so happy I was able to visit the family. We had good times. And always enjoyed holidays at grandma and grandpa’s with the family around the table laughing more than talking. We will miss our visits with Mickey. Love to her family.

“ So loved this lady and glad she was a part of our life. May you all find comfort in knowing that although her life's journey here is over, she is again with her other family and I am sure they are catching up and laughing. God bless you all.
