“ To the family of Penni, I knew her a very long time ago. We were friends when we both attended Washington High School in Vinton Iowa. We had a blast together. I was able to stay over a few times at her parent’s home before we both moved away. I lost touch with her, but have very fond memories of her. We used to sing a lot of Bette Midler songs together & Wind Beneath My Wings was our favorite. We just lifted one another up often. Over the years I tried to find Penni. I searched social media often & for a long time. I was in complete shock to find her the way I did. I’m in disbelief & devastated that she’s gone. I’m so sorry for your loss. I know this message comes so long after her passing, but I really needed Penni’s family to know how much of an impact she made with me & how much I treasured her friendship. It’s why I’ve been searching for her & continued to do so for decades. Penni was my best friend & I adored her. This loss is new for me as I recently found out about Penni’s passing. I’m so sorry for all of you & I hope all of you are doing okay. I’m sorry it took me so long to find the information.

“ *Dearest Nancy, Karl, and family,
How unbelievable for me to be writing to you at this sad time...seems like yesterday Penni and Karl were laughing and playing with my children out back of our apartments. Remember crushing all the kids into my car as we'd head to college? I didn't hear until last night about Penni's untimely departure from this earth...however I wanted you to know that her smile and laughter will never be forgotten. All my kids (Wendy, Matthew, Mark Miller and Brandy Beiner) commented on running into her within the last couple of months-and commented about how fun and happy she was.
May you as a mother be comforted during this horrible time, but also rejoice as our Father in Heaven has His arm around her as He now at this moment is enjoying her smile and laughter.
Take Care, He Cares,
Patty*

“ *Dear Penny ...
I was saddened to hear of Penni's death. I extend to you my deepest sympathy. Losing a child/grandchild has to be just unbearable. I recall the few times I had occasion to visit with her and she was always upbeat.*

May God hold you in His everlasting arms and give you peace.
