“ Rick (and brother Tom) were my *VERY BEST FRIENDS* growing up in CF in the 50's & 60's.

Also, when we were very young Andy got the cutest black lab puppy we named SALLY! She would kill bees & wasps if around when playing baseball, wait for us to get a caught fish near shore to grab for us, and was the BEST pheasant retriever. And if Sally could have talked we would still be trouble. I think of Rick & Tom often, and their parents.
