“ I have known Bob for about 9 years thru my bridge club. My wife Madu knew Bob as they both worked at H&R block and she has only good things to say about Bob. He was very helpful to her with Income Tax information.

I found Bob to be very talented and pleasant. When the COVID hit us, we moved our bridge game to online and that was a blessing for Bob as he can play from home - no driving, or sorting cards nor no need to talk unless shouting at the computer.

As Kathy was getting ready to retire, we were discussing plans to enroll them in Medicare.

We WILL miss him. May he rest in peace.

I very much enjoyed competing against Bob at duplicate bridge and will be forever grateful for the article he shared with me about Sharon Stone and her battle to recover from a major stroke. I think Bob and I had that in common with her. Go with God, Bob!

“ I have a lot of good memories of Bob for the last 3-4 decades. We played a little tennis, but, mostly, we played golf. He was a very good golfer in his prime. I think he was Sunnyside champion one year. We went to the Wednesday par 3 practice round at the Masters in 2014. It was Arnold Palmer’s last appearance there. He hit his tee shot close to us on one hole. He came up. I said hi, and then Bob jokingly said, “Arnie, why are you playing a Top Flite ball.” Arnie looked at his caddie and said, “what kind of balls are you giving me today?” Anyway, it was one of many great times I had with Bob. When his illness worsened and he could no longer golf, we started playing bridge in the local clubs. When Covid hit, we continued playing virtually or online. I was fortunate to play with him the day before he died. He had other friends who would play when I could not. Occasionally, we would win. Sometimes, not. Oh, we had a few beers once in awhile too. He was always there for me. He was a great friend! I will miss him a lot! Rest In Peace, Bob!

“ *My favorite memories are his smile and big long bursts of laughter. He was always handy with many words of advice on so many topics and life's processes. He was a real Renaissance Man as he was well read and very cerebral.*
