“ Theresa came with me to my house and interacted and played with my children. I was also her teacher fir a time at River Hills. If you needed a smile, hanging out with Theresa would give you one! What a great young lady. Blessings to her and her family. Sherry Millang

Theresa taught us to stop and notice things, events in our lives that we often take for granted...the love and appreciation of music, feeling the beauty of wind blowing on our faces, her creative ways of calling us to come away from our ruts of daily living to be with each other, the thought that it is possible to take time out of our busy schedules to enjoy a swing in the park. And also, not to pay so much attention to time and to the clock but rather to enjoy the energy of the relationships around us. THANK YOU THERESA for all these gifts and for your other gifts we will learn about as we come together to share and remember you.
