“ I am so sorry to hear about Tom. My thoughts are with you all. Even though I didn't see him much as an adult, I have many memories of our childhood together in Lincoln, especially at Grandma Frank's house.

“ My prayers are with Tom's family as we know this is so devastating. I too remember as cousins spending time at our grandma's house.

“ *Dear Nicole and family,
Can't imagine what it is like to have your Dad die at this time and leave his family, but I pray you have the support of faith and family to help you during this difficult time. Even though I've been through the death of my parents and a son, it is different for each person. If there is a way in which I can be supportive, I am available on pager 274-6146 and will meet with you in house or at your convenience. Our spiritual care department provides support from various aspects and are supportive of staff as well as patients/family. I pray God's grace and love of family/friends will guide you through this time of grief and loss.

“ *I worked closely with Tom when I first joined Deere 10 years ago. He was a wonderful person to work with, and he helped me tremendously on my first project. I wish his family the best and will pray for them.*

Thank you for sharing this memory that I would not have known otherwise as his daughter. It means so much to me to hear this.

“ *Dear Grasmick Family,
I worked in Drivetrain Engineering for many years retiring in 1999 but continuing to work periodically as a consultant at PEC since. I have always admired Tom's calm and positive demeanor. He was always helpful and a great asset. He will surely be missed. He seems too young for this to happen. I wish your family the best in dealing with his death. I'm sure your faith, family and friends will see you through this difficult time.*

*With sympathy,
Pete Wetrich*
