“ Tommy Meeker the amount of memories we shared together is crazy. How often you are brought up in my conversations with the stories i tell. I love and miss you. I know your in a better place. You will be going home soon to Finchford. Your final resting place at the cemetery where we could sit and talk for hours. About all the times we had sled down that hill, from the time i got the bolt to the face running into the fence. Or even the times you when topless scoop shovel sleding lol. It brings a smile to my face with all the memories we had shared a lifetime of them, I will talk about them often so your never forgotten. Until we meet again rest easy buddy you are loved and missed by so many people your loving life long friend AJ Otters miss you so much.
