“ *Tim is my son-in-law's uncle, and he would come to Phoenix Arizona from Iowa on his motorcycle every summer. I would always go over and see Tim and we had a opportunity to ride together a few times as well. He was a great man and we are honored to have known him. Blessings to you, Rick and Debbie and your whole family!!! So sorry for your loss!!!*

“ *Rode to Sturgis with Woody and a few others in 2003. Before we departed Woody gathered us together and led us in prayer. We had a great trip and that really got me thinking about Christ again. Thanks Woody! Christ saved me and you helped reconnect me. Rest easy.*

*Woody welcomed my wife, Eileen, and me to the neighborhood when
we moved in across the street from him. He often helped us without
being asked and wanted nothing in return. Sometimes he checked our
house while we were gone. As usual, he wanted nothing in return.
What a challenge it was to get him to accept gifts of any kind. To us he
was kindness personified. Rest in peace, or should I say, "Enjoy
exploring the heavenly realms on your motorcycle!"*

Woody was a selfless friend to me. He often stopped over on his Harley when he saw us at home on our patio. We've known each other for 35 years, way back to the Radiator Shop days with his dad. He talked about his diabetes openly but didn't complain. He told me things could always be worse. God blessed us with the kindness of a great man. My sympathy to the family.
