“ I don't know if you remember me but I have very wonderful memories of babysitting with all of you while your mom and dad worked at the restuarant. I think maybe my mom had some of you in kindergarten also. Plus of course we were related through the Natvig side of my mom's family. Very sorry to hear of your mother's death.

“ Dolly was a wonderful person. She was always there to lend an ear and we always had some great chats and shared receipes and deserts. I remember when I lived across the street from Dolly and Al and then learned that they were related. It was always a pleasure to spend time with Dolly and I even have some of her stained glass work. I will always remember her as a wonderful person.
