“ *To The Family-I was a graduate student under Bill's supervision from 1967-1970. Bill was a great teacher that inspired me to be more like he was. He was always positive and built my confidence while guiding my learning. He became a friend as well as a mentor. I have just retired from a 41 year career in education. I have always given Bill credit in contributing to my success. Our thoughts are with the family. Larry and Jean Klein-Vernal,UT*

“ *I noticed the obit in today's Des Moines Register. It brought back memories (as Ted's classmate) of the good spirit and fun and hospitality of Bill and Mary Ellen and all of you there on College St. My family and I admire Bill and your family, and we send best wishes. -- Bram*

“ *My deepest sympathies. I assisted Professor Dreier for many years in his research in the UNI Library. I always enjoyed working with him, because his research was so interesting. I always believed that I was the one who learned when we talked or pursued some inquiry. I also valued his Christian outlook on life. I will miss him.*
