“*Hugh, Cathy, Craig & family,
I was so saddened to hear of the loss of Wilma.
You know I have such wonderful memories of our many years on
the farm together. From running to the house to sell Wilma my first
girl scout cookies, to running over to the basement when the
tornado sirens were sounding. Quiet summer afternoons just sitting
& talking to her in the screened-in porch, (I loved that porch) the
neighborhood BBQs in the summer, my bridal shower. She was an
extended part of the family, (you all were) and a piece of her will
remain in my heart always.
God Bless,
I miss you all
